BENEFITS

- Versatile - great solution for invoices or statements, direct mail and reply envelopes, and variable length documents with OMR.
- Stops manual folding - manual feed on daily mail mode processes up to eight pages stapled or unstapled.
- Saves time - up to 25 common applications can be programmed.
- Prevents costly errors - built-in double-detection on all feeders, auto stop.
- Insert almost anything Insert A4, A5, leaflets, postcards or envelopes. The DS85's flex feeders handle just about any insert size or type, giving you endless mailing opportunities. You can even insert stapled leaflets.
- Load 'n' Go For simple jobs. Just load the envelopes and inserts and press the start button to go.
- Available in 2, 4, or 6 configurations
